## A CHILD-LIKE FAITH

At LL&LC we believe that faith education is part of a complete education. Each class will explore their child-like faith in age appropriate stories, lessons and activities. We believe the right time to begin developing Christian leadership skills is now, and aim to equip our students in partnership with their families.

Each class will have weekly lessons focused on Bible stories, character, and stewardship of our bodies and earth. Through story-telling, activities, prayer, and song we share our Christian faith and encourage students in theirs. Our teachers and staff model a Christian life and guide students to express their faith through their interactions with their world.

“Don’t stop the children from coming to me. Children like these are part of the kingdom of God.”

-Mark 10:14

## OUR SITE

The Love, Laughter and Learning Center has a long tradition of serving families on the Long Beach Peninsula with excellence. In the fall of 2016 we moved to our new site at Ocean Park Camp & Retreat Center. Our goal is to ensure every child has access to quality early childhood education in an environment of exploration, fun and love! We love that our site at OPCRC allows a great deal of outdoor and gross motor play!

## LOVE, LAUGHTER & LEARNING CENTER

enhancing the quality of life, and  
adding to the well being of our  
local children and families

*Our families are the reason we are here! At LLLC we have families, too. We know that family is where education starts and we are here to support you!*

### **A Partnership With Families**

We understand the most important influence in your child's life is you! For that reason our goal is open and continuous communication with our students' families. We hope that you will share your concerns and joys with us so we can get to know you, your child, and your family to serve them the best we are able!

We are also happy to have families volunteer at our school! Speak to a teacher or our director, Carole, for more information!

# LEARNING THROUGH PLAY

At the **Love, Laughter and Learning Center** we believe young children learn best when they are allowed to **explore** and begin to make sense of the world around them. Being **active**, exploring and **new experiences**, communication with others, meeting physical and mental **challenges**, being shown how to do **new things**, practicing and repeating skills and **having fun**.

### **2 YEAR OLDS: \$120/MONTH**

Our 2 year olds have class two days a week on Tuesday and Thursday. Let your child begin to learn the skills of separating from the home environment, interacting with their peers, and exploring their independence. We encourage learning through experience and exploration as we offer opportunities for dramatic play, role-playing, toys, blocks, stories, music, circle time, outdoor play and games.

### **3 YEAR OLDS: \$150/MONTH**

Children must be three by September 1. This class meets three days a week (M/W/F). Children begin to explore math and language arts concepts in a more formal way for short periods of the day while continuing to learn through play at a variety of centers. Plenty of time for free choice and exploration is balanced with alphabet and counting skills, guided science, art, faith and health lessons.

### **4-5 YEAR OLDS: \$150/MONTH**

Children must be four by September 1. This class meets three days a week (M/W/F). Children spend more time focused on literacy readiness (including letters and letter sounds), math concepts, and classroom skills during the day while continuing to learn through play at a variety of centers. Plenty of time for free choice and exploration is balanced with guided science, art, faith and health lessons.
